## Infinity

Words and music by **Andréana Cortés**

A light, a brilliant light, crush the ravages of the  
Darkest demons and all our human frailties,  
And my tortured soul reaches out  
To the one who loves me so close to his heart,  
Opening my eyes to the real world of infinity.

His voice, to hear his voice tell me  
About a hope and about a future  
As the world races to its ultimate fate.  
And I will wait for you in the quiet  
Waiting in the wings what can I hear?  
Everything swirls around me in disarray  
As I meditate.

Recalling times past as floating images;  
That have all turned to dust.  
Then we're caught  
In our own web of complications,  
Can't see beyond the implications,  
Then we moan, - then we groan, All to say,  
"Where is God he should be here to see this tragedy."

I touch, I touch my fingers to my lips  
And blow out a kiss to the one I love  
And gently wave bye, bye, bye.  
Then you will come to me in the quiet  
Suspended in between heaven and earth  
Opening my eyes to the real world of infinity.

## The Only Thing

Words and Music by **Andréana Cortés**

Sunshine greets my eyes,  
The smell of coffee my lover made for me,  
Pick up my keys, give him a squeeze,  
A kiss good-bye and I'm on my way.

Your love's the only thing that feels right  
The way you hold me in your arms all night,  
Though shades of gray may flood the sky,  
Rain, rain, go away; the sun's come out to play,  
I'm look-n on the bright side.

Rush hour traffic,  
Listen to my favorite D.J. on the radio,  
Places to be, people to see,  
You've been on my mind all day, ~ *chorus* ~

## Bridge

One thing I have to ask  
'Cause I really want to know.  
How far can you take me to heaven?  
I can't help myself when I say,  
You're the kinda taste that lasts forever...

Beautiful sunset,  
Wrapped up in pretty pink and indigo,  
How was your day? Mine was okay  
It's so good to be home again, ~ *chorus* ~

## Lyrical

Words and music by **Andréana Cortés**

It's a shame you know,  
Not to be alone with you.  
We can be together;  
Me and you tonight.  
And you hold me tight,  
In the dim candlelight,  
Here we are me and you.

Here in paradise,  
*See the rains come down;*  
Here in paradise,  
*Hear the rains come down;*  
Here in paradise,  
*Feel the rains come down;*  
Takes my breath away...

It's not the same you know  
When you're not around.  
It's the way you show  
How to turn my life around;  
Wrap yourself around my heart like a  
Work of art; it's so lyrical ~ *chorus* ~

You're fair game you know  
The way you look and talk  
Can't keep my hands off you  
You're my only one.  
It's a miracle, it's so lyrical,  
Here we are me and you, ~ *chorus* ~
